

## **Graduate Program, 2010**

### **Summary**

Revegetation Contractors Pty Ltd is an environmental contracting company with offices in Cairns and Townsville offering environmental design and providing specialist environmental works in a wide range of environments. RC is currently looking for a suitably skilled applicant to undertake a pilot 18-month graduate program at our **Townsville** branch.

The applicant will start in Administration and undertake mandatory time in various positions before advancing to the role of Project Manager. As a PM you will manage various small to large-scale projects in the areas of:

- Revegetation;
- Erosion control;
- Waterway stabilisation;
- Rehabilitation;
- Landscaping; and
- Environmental stability.

Roles / positions / you will be required to complete before advancing to Project Manager are:

- Administration Officer;
- Nursery hand – performing nursery work in our native nursery & planting / horticultural activities in the field;
- Field Personnel – performing revegetation services such as hydromulching; drill seeding; hydro fertilisation & maintenance activities; irrigation installation, operation (temporary & permanent) & design principles etc.
- Job Manager; and
- Project Officer

### **You**

Ideally, the successful applicant will have a tertiary qualification in Environmental Management or a related field. You will have excellent presentation, a professional attitude, work ethic, attention to detail and a focus on commitment.

If you feel you have the skills and motivation to succeed in this position, please post your applications including the following detail:

**Selection Process**

You are required to submit:

- A hand written application / cover letter that is your own / done personally that gives us a brief introduction to yourself (please include why you chose your degree);
- An up to date and detailed CV that contains the following minimum:
  - A copy of your senior certificate;
  - Details of your degree studied, (subjects studied & grades achieved);
  - Past employment history displaying proof of work ethic;
  - Volunteer work;
  - Current skills;
  - Referee's / reference that has personal knowledge of you and your capabilities.

Please note that if you are considered for an interview, we will be interested in your:

- Knowledge of RC; and your
- Knowledge of environmental work / industry.
